

Her, formerly Dattch, is a geo-social networking app geared towards lesbian, queer, bisexual and bicurious women. It is available for iOS and Android. Users can join the app with their Facebook account or email address.

HER has an open approach, with the long-term goal of connecting queer women to their community rather than being a simple hookup app. It is divided into three areas, 'Feed', where you can read their blog on everything LGBT (lesbian, gay, bi, transgender). 'Chat', where you message users that have liked you back and 'Meet', where you see and like other users.

Challenges:

- *Fake profiles and catfish accounts*
- *Creates low self esteem*
- *Objectification*
- *Rejection*
- *Users can be subjected to cyber bullying*
- *Users can find themselves being sent sexually explicit messages*
- *Shares GPS radius location*
- *Safety concerns if users meet up*

Privacy Settings:

Profile details include your name, age, height, sexuality, gender identity, relationship status, photos, text items, and friends list. Your friends list is public to everyone.

How do I report another user on HER?

1. In the 'MEET' section, select the "... " icon on the top right of their profile
2. Select 'Report User' and select an option

How do I block another user on HER?

1. In the 'MEET' section, select the "... " icon on the top right of their profile
